ANNUAL REPORT OF SCHOOL BOARD.

ANNUAL MEETING, 1927.

The Annual Meeting of the Bedford School District was held at the Town Hall on Wednesday, March 2, 1927, at 2 P. M. The following officers were re-elected for the ensuing year:

Moderator—William Melendy
Clerk of School District—Frank E. Manning
Treasurer—William S. Manning

Mr. A. J. McKelvie was elected a member of the School Board for three years, and the town auditors were elected school auditors for the ensuing year. The district voted to adopt the budget of \$11,864.12 recommended by the School Board, and also voted the following additional sums of money:

For salaries of district officers.....	\$200.00
For payment of notes	2,215.00
The total to be assessed being therefore \$14,279.12	

The Medical Inspection Act was dismissed on recommendation of the School Board.

The district voted to take no action toward building a new schoolhouse for the No. 3, 4, 5 and 11 districts.

THE SCHOOL YEAR.

At a meeting of the new School Board held after the District Meeting, the Board was organized for the year 1927-28, with Mr. H. S. Wonson as Chairman and Mrs. Bertha French as clerk.

At a meeting of the supervisory union held on May 11th at the Bartlett School building at Goffstown, Mr. J. Byron Tarney was again unanimously re-elected superintendent of the schools in the union. Mr. Tarney has continued his work as superintendent on the same high plane as heretofore and the School Board takes great pleasure in again thanking him for his loyal, intelligent, and efficient services to the Bedford School District.

The supervisory union also adopted the following school calendar for the school year 1927-1928:

ANNUAL REPORT OF SUPERINTENDENT OF SCHOOLS.

To the Citizens of Bedford:

The present year has brought a few changes both in the number and personnel of the teaching corps—and in the places where schools are conducted.

Miss Helen Shea, Miss Marjorie Hayes, and Miss Dorothy McLain are the “new” teachers at the Stevens-Buswell Primary, No. 6 Grammar and No. 11, respectively. Miss Shea and Miss Hayes are both graduates of Manchester High School and Keene Normal—each having one year of experience before this present one. Miss McLain also has had previous experience.

Because of the condition of school buildings No. 3 and No. 5, it was imperative to choose one of two possible courses. One way was to spend considerable money for the doing over of these two buildings. To make them meet today’s requirements in school buildings would have necessitated unwarranted expense. Accordingly, the other way had to be taken, namely—to close both of these out-worn buildings No. 3 and No. 5, open up No. 4 and transport pupils to the Stevens-Buswell school and to No. 4. There were a few pupils who lived nearer to No. 4, anyway, than to either No. 3 or No. 5. While we have been able to care for all pupils in this way, it is far from satisfactory. The No. 4 building is larger, roomier, in better condition, and has city water. The enrollment, consisting of some pupils from No. 3 district, some from No. 5 and others from No. 4, has been 38. This is too large a number of pupils for one teacher, when they necessitate all of the eight grades, as is the case at No. 4. However, this seemed to be the best way until the time when Bedford will

provide a modern two or three-room building for this section of the town. It will be recalled that a Special Committee reporting two years ago, and a year ago, regarding this needed building, had their recommendations put aside. So now the endeavor has been to provide the best we can, using the one building at all fit for school purposes.

The enrollment has increased by about twenty-five this year. Schools and enrollment are as follows:

Stevens-Buswell Primary	32
Stevens-Buswell Grammar	32
No. 4	38
No. 6 Primary	27
No. 6 Grammar	22
No. 8	8
No. 11	24
<hr/>	
Total	183

During this year Bedford has had 29 pupils enrolled in public high schools, and one in his second year at St. Anselm's. Twenty-seven have been in Manchester, one in Goffstown, one in McGaw Institute. Two of the pupils in Manchester have dropped out. In the main, however, the group makes a fine record, a number doing excellent work.

School costs figures for the last school year show that for the state as a whole the cost per elementary pupil was \$67.50. Bedford paid \$76.18. There are about fifty districts where this cost runs from \$100 to \$200, in one case \$270—another \$226.

Health supervision has been under the direction of Miss Edith Walker, school nurse, and Dr. Bruce Snow. In addition to the work of inspection and examination, there are many home calls. Also much help and suggestion is available through certain clinics in Manchester. The nurse has also distributed many articles of clothing in homes where the demand for food and clothes is beyond the household's ability to supply.

Last Spring the State Board of Health, co-operating with the School Nurse and local organization, gave the Toxin-Anti Toxin treatment to most of the pupils in the schools. This consists of three successive treatments to immunize against diphtheria. A follow-up "Schick Test" in the Fall seemed to indicate that almost all pupils who had had the treatment were safe as far as diphtheria is concerned. It should mean much to any community when a majority of school and pre-school children are safeguarded against this disease.

The range of school work has broadened until it includes almost all of the main elements in the child's development. The school must teach the "fundamentals," the three "R's"; nothing can be substituted for that. Also there is the care for physical well-being and health, and the duty to promote health-habits. And then always through all the endeavor to hold clear the elements that make for sterling character and to teach obligation and duty, to order these so they may be woven into the lives of growing boys and girls. Here is a work that calls for the best teachers we can get, and should have the whole-hearted support and suggestion of every parent and others as well. After the home, there is no place where the young folks spend so much of their time throughout each year, and when all is said and done the money invested in schools and their operation is one investment that builds up future well-being and security.

To all who by word and deed and suggestion have helped in this endeavor, and especially to the members of the School Board, I again gladly acknowledge my indebtedness.

Respectfully submitted,

J. BYRON TARNEY,
Superintendent.

HEALTH CORRECTIONS

STATE BOARD OF HEALTH.

DIVISION OF MATERNITY, INFANCY, AND CHILD HYGIENE.

Report.

The Shick test held in Bedford for the children was well attended, seventy-two (72) children receiving the toxin anti-toxin treatment for diphtheria. There were three who did not receive the treatment, and their tests were found to be positive, which means they are susceptible to the disease. Those who received the treatment were all immune to the disease.
